- Do reduce waste by avoiding use-and-throw items (cups, spoons, plates, tissues)
- Do segregate your waste and properly place in biodegradable and non-biodegradable waste bins
- Do rinse food containers and milk packets before placing in the non-biodegradable bin
- Do wrap sanitary waste and broken glass in newspaper
- Do store e-waste separately for periodic collection

- Do not use black or green plastic liners in garbage bins
- Do not pour liquids into non-biodegradable bin
- Do not dump your waste on the campus or any unauthorized locations
- Do not put construction waste in non-biodegradable bins
- **Do not mix waste**
